

time_module::time_summ

```
graph LR; snap_main[snap_main] --> time_summ[time_module::time_summ];
```

The diagram consists of two rectangular boxes. The box on the left is shaded gray and contains the text 'time_module::time_summ'. The box on the right is white and contains the text 'snap_main'. A dark blue arrow points from the right side of the 'snap_main' box to the left side of the 'time_module::time_summ' box.
