

inner_module::inr_src

```
graph LR; A[inner_module::inr_src] --> B[inner_module::inr_src_scst]
```

A diagram showing a mapping from a source identifier to a target identifier. On the left, a gray rectangular box contains the text **inner_module::inr_src**. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text **inner_module::inr_src_scst**. Both boxes have a black border.
